## Lancaster Farmland Trust Office to Go Remote

For immediate release: March 15, 2020

Contact: Laura Brenner, [LBrenner@lancasterfarmlandtrust.org](mailto:LBrenner@lancasterfarmlandtrust.org)

### COVID-19 UPDATE:

With Governor Wolf extending the mandate on nearby counties to pause all non-essential services, Lancaster Farmland Trust employees will work remotely this week. While Lancaster is not part of the mandate, we believe it is best to be overly cautious. Staff will pause all farm visits for this week, and both internal and external meetings will be rescheduled or held via conference call.

We recognize this is a rapidly changing situation and will continue to assess based on the health and safety of our staff, landowners, and community. We will keep our community up to date on our organization's decisions as they are made.

Should you need to reach a staff member, please contact our office via phone, 717-687-8484, and select the voicemail for the staff member you would like to reach. Staff will return your call at their earliest convenience. You may also contact staff members via direct email (found on the "staff" page of our website) or our main inbox, [info@lancasterfarmlandtrust.org](mailto:info@lancasterfarmlandtrust.org).
