# CUE SHEET

## City to Farmland Route - 30 miles

Suggested Start/Finish:  
Buchanan Park

### Comments from route creator, Dale Johnson:

This ride starts in Lancaster City and has tremendous variety, including wonderful city neighborhoods, some city bike lanes, and a scenic ride through the countryside passing by covered bridges, historic sites, and many preserved farms. It does have some challenging hills, especially in the vicinity of the County Park. The ride sweeps out into the countryside and passes through the historic town of Strasburg, which is in the heart of Amish country.

When riding along and seeing a landscape of farms as far as you can see, it probably indicates an area of many preserved farms. A bicycle is a great way to connect to your surroundings and better appreciate these preserved areas.
